

# Dual Wireless Remote Control

## AS-1000ML (For Motor & Patio Light)

### FEATURES:

- Safe, One Person Operation
- Control from Inside or Outside the RV
- 50-100 Feet Range
- Easy Installation!
- Add Ease of Use to Your RV Lifestyle!

Control your Patio Light on from 50-100 feet away!

Wireless Remote Control

Operate your Motor / Awning from inside or outside your RV!

## The Most Universal Wireless Control In The RV Market!

Operate one 12volt dc motor (awning) from outside your RV! This remote allows the customer to be outside the unit to safely monitor the mechanism (awning) in motion!

Operate your patio light from outside your RV! This remote is a "life saver" for the less mobile customers, and for the ones that simply love the convenience!

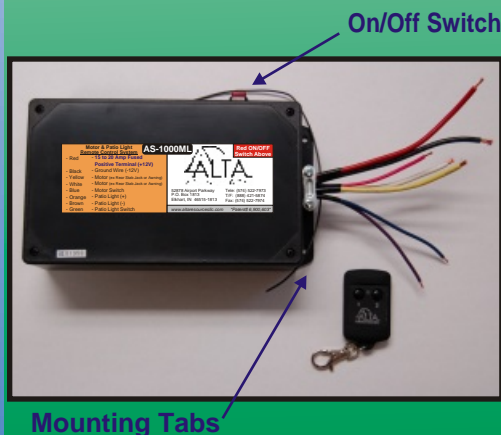

This is a safety feature for any RV. Imagine pulling up to your RV at night without this feature!

### Wireless Controller For:

- One 12volt Motor (Awning) and
- Patio Light !
