Patent#
6900603

Wireless Remote Control

Operate your front jacks from 50-100 feet away!

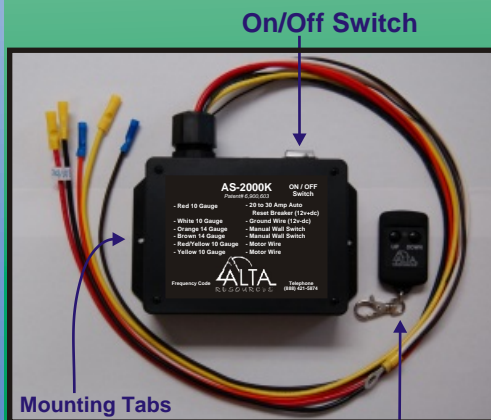

The Most Universal Wireless Control In The RV Market!

Raise and lower the front jacks from inside the tow vehicle! This remote is a "life saver" for the less mobile customers, and for the ones that simply love the convenience!

Simply hold down a button and let the Wireless Motor Control System operate your existing 12-Volt DC Electric Motor. Now there is no need to be restricted to one area to operate your:

- Fifth Wheel Front Jacks,
- Awning,
- Bed Lift,
- Winch, or
- Slide-Out Room.

AS-2000K Wireless Motor Control for Fifth Wheel Front Jacks

Wireless Remote Control Key Fob
