

# Front Jack Wireless Remote Control!

## AS-2008

Patent# 6900603

Control your front jacks from inside your vehicle!

### FEATURES:

- Safe, One Person Operation
- Control from Inside or Outside the Vehicle
- Saves Hook-up Time
- Easy Installation!
- Add Ease of Use to Your Trailer Lifestyle!

Wireless Remote Control

Operate your front jacks from 50-100 feet away!

## Add Value And Ease Of Use To Your Trailers!

Raise and lower the front jacks from inside or outside the tow vehicle! This remote is a "life saver" for the less mobile customers, and for the ones that simply love the convenience!

Simply hold down a button and let the Wireless Motor Control System operate your existing 12-Volt DC Hydraulic Pump. Now there is no need to be restricted to one area to operate your Trailer.

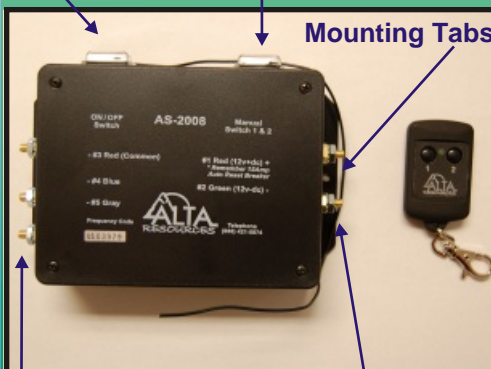

This convenient wireless system lets you move around and monitor the area while operating your front jacks.
